Our Goal: Bring an End to Plastic Pollution

Ozarka Solution: Packaging as a Service

We replace the purchase of single use containers with the renting of ours which are reusable and returnable.

Reuse Gives Our Clients a USP

“Oh wow. Love this.”

“I hope other companies follow your lead.”

“Awesome!!”

“Great news, I am so glad to hear this.”

“Can’t wait to try.”

“For next time when we want poke.”

“Reason for a poke bowl.”

“Wauw, well done guys!”

Poké Perfect

Ellen MacArthur Foundation:
“The time for reuse is now.”

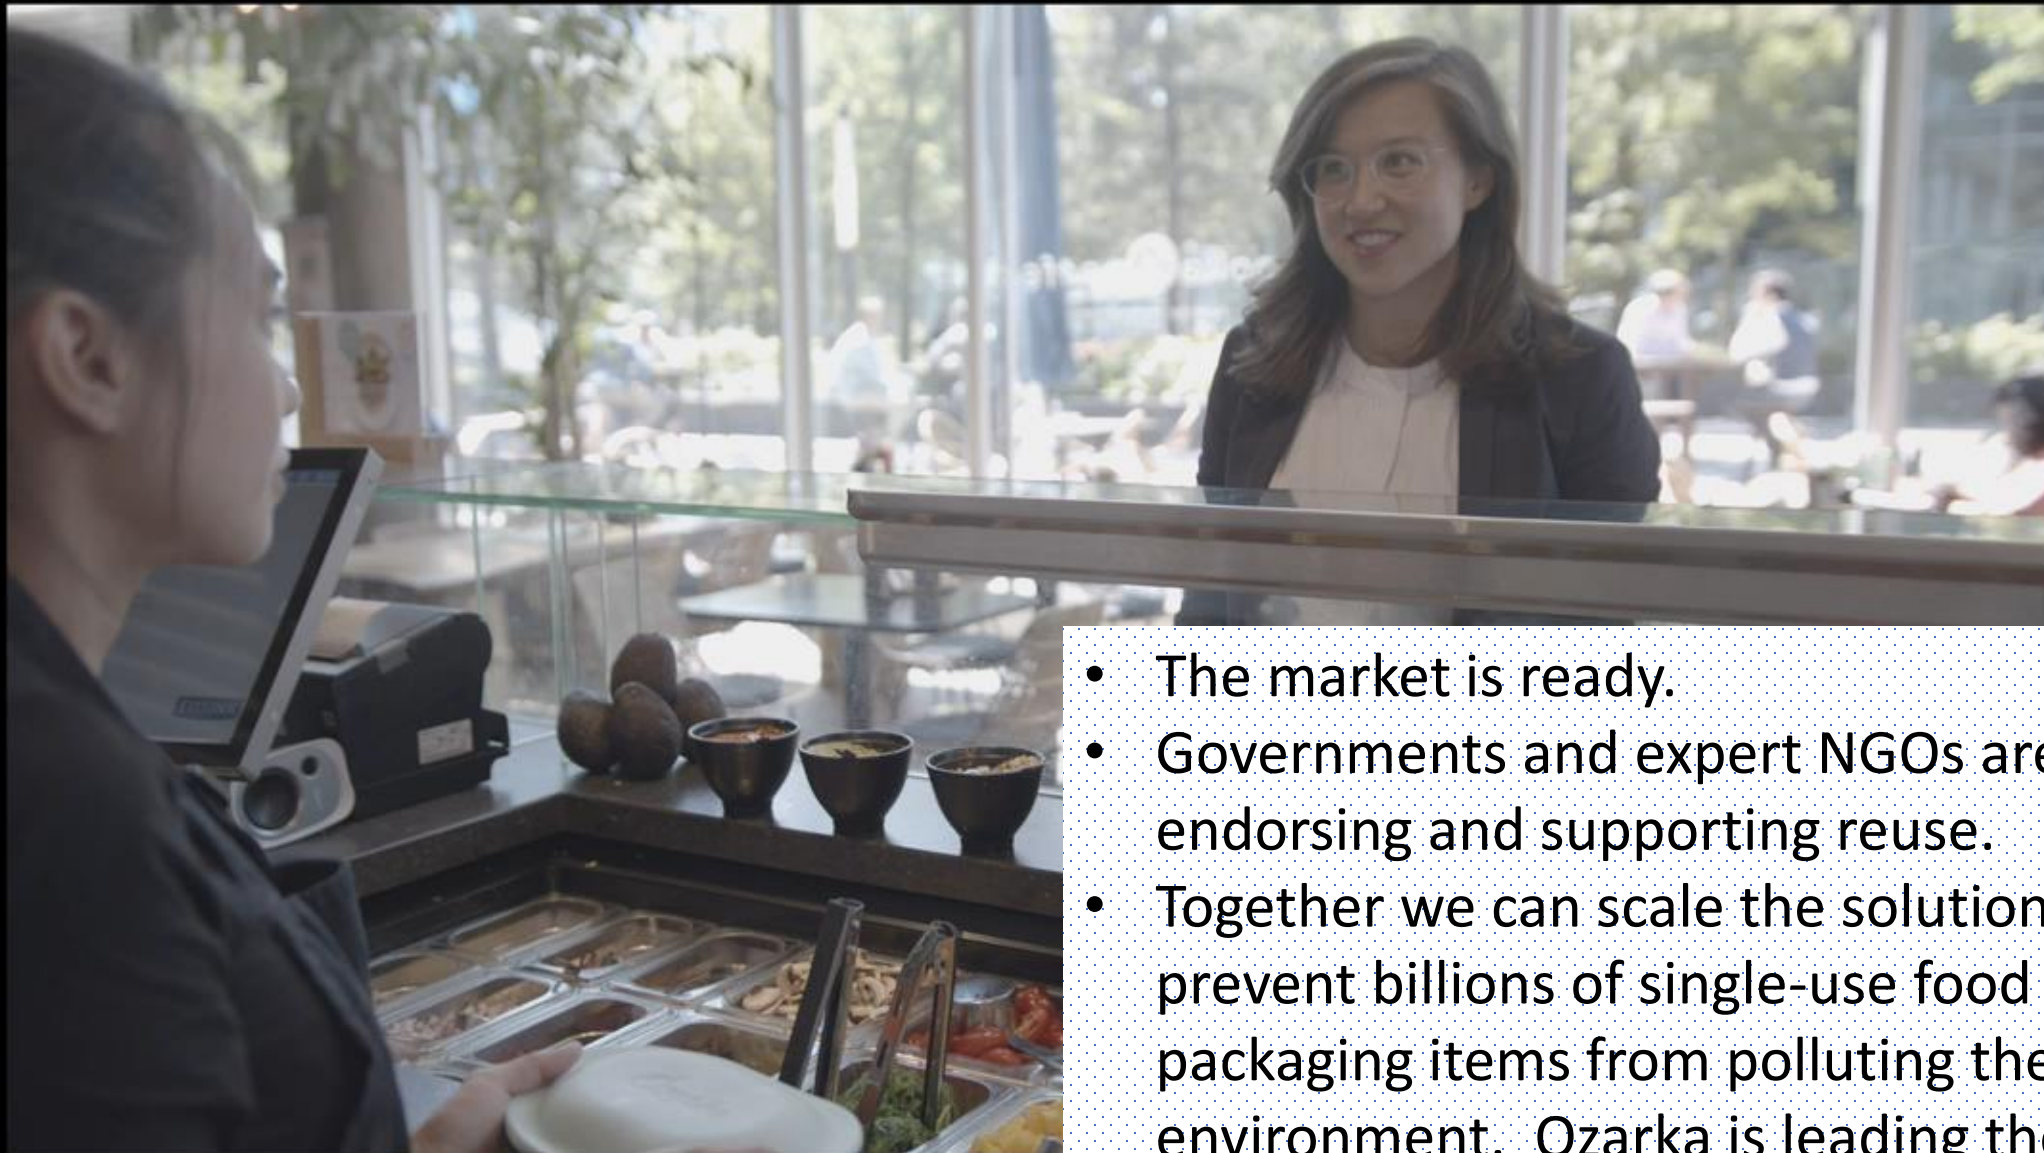

Untapped business potential

Global alignment to act on plastic pollution

Shifting user preferences

Climate and other environmental benefits

- The market is ready.
- Governments and expert NGOs are endorsing and supporting reuse.
- Together we can scale the solution and prevent billions of single-use food packaging items from polluting the environment. Ozarka is leading the way.

Case Study: Catered Event, 60 guests

Case Study: Only 5 litres of waste from 60-guest event. Used for compost for our neighbor's garden

Amy Muller Delicious lunch in beautiful, reusable containers. Winning.

Case Study:

Impact goes way outside the reusable box.

Thank you!
